PROFILE

I am a fourth-year Computer Science student at the Institute of Technology of Cambodia (ITC) with a strong interest in full stack development and modern web technologies. Experienced in frontend and backend development through hands-on projects and internships, I enjoy building scalable web applications, developing APIs, and solving real-world problems. I am eager to grow my skills and contribute as a Full Stack Development Intern.

LANGUAGES

- Khmer** native
- English** Conversational

SUMMARY

Passionate Full Stack Web Developer and IT student with experience in building modern web applications using Vuejs, PHP, and Spring Boot. Interested in AI tools, UI/UX design, and scalable web technologies. Fast learner with strong problem-solving and teamwork skills.

TECHNICAL SKILLS

- HTML / CSS / JavaScript**
- Vue.js**
- PHP / Laravel**
- Java / Spring Boot**
- MySQL / PostgreSQL**
- Git / Github**
- Docker & Vercel**
- AI Tools**
- Problem Solving & Time Management**
- Teamwork & Collaboration**

KEY PROJECTS

- Coffee Aroma**
07/2025 – 10/2025
 - Built a **full-stack coffee ordering system** using Spring Boot and MySQL.
 - Integrated Telegram Bot API for real-time order notifications.
 - Developed core features: product catalog, cart, order management, and reviews.
 - Designed a normalized relational database with multiple tables and constraints.
 - Created a frontend and admin dashboard using HTML, CSS, and JavaScript
- Todo App**
05/2026 – 06/2026
 - Developed and deployed a full-stack Todo Management web application using **PHP, MySQL, and AWS EC2**.
 - Implemented secure authentication system including login, registration, profile management, and session handling.
 - Built complete CRUD functionality for task management with categories, priorities, due dates, and comments features.
 - Configured Apache2 server, Linux environment, SSL/HTTPS security, and custom domain integration for production deployment.
 - Designed a modern responsive dashboard UI using TailwindCSS and improved real-world debugging, server configuration, and cloud deployment skills.
- CPU Scheduling Visualizer**
01/2025 – 02/2025
 - Developed an interactive CPU **Scheduling simulator** for Operating Systems concepts.

INTERESTS

- Learning to new Technologies
- Listening to music
- Read Tech Content

AWARDS

GIC Vacation Crash Course 2025 (ITC)

02/09/2025

Completed an intensive technical training program focused on practical skills development, teamwork, and hands-on learning activities.

Top Achiever

15/10/2025

Recognized as Top Achiever at ETEC Center for outstanding academic performance and exceptional dedication during the training program.

Academic Performance

05/11/2022

Achieved Grade A in Diploma program through strong academic performance, consistent dedication, and high achievement in core subjects.

- Implemented scheduling algorithms including FCFS, SJF, Round Robin, and Priority Scheduling.
- Visualized process execution and scheduling behavior in real time.
- Built responsive UI using modern frontend technologies.
- Configured GitHub Pages deployment and CI/CD workflow.

PROFESSIONAL EXPERIENCE

ETEC Center

Backend Development Trainee (Project Focus)

01/2026 – 04/2026 | Phnom Penh

- Developed RESTful APIs using Java Spring Boot and ASP.Net for backend services.
- Worked part-time (weekends) collaborating with a team to build and maintain system features.
- Assisted in database integration, API testing, and debugging to ensure system reliability

Self-Employed

Part-Time IT Instructor

2023 – 2025 | Phnom Penh

- Teach high school students basic programming and computer fundamentals.
- Guide students in problem-solving, logical thinking, and coding practices.
- Prepare learning materials and practical exercises to improve technical understanding.

GIC Vacation Crash Course 2025

Instructor

09/2025 – 10/2025 | ITC, Phnom Penh

Successfully completed the GIC Vacation Crash Course 2025 as Instructor at the Institute of Technology of Cambodia, enhancing technical knowledge and practical skills in a focused learning environment.

EDUCATION

Bachelor of Engineering of Computer Science

Institute of Technology of Cambodia (ITC)

02/2023 – Present | Phnom Penh

English Language Program

CAM ASEAN

02/2023 – 08/2023 | Phnom Penh

High School Diploma

Heng Somrin Chork

2019 – 2022 | Tboung Khmum, Cambodia

Grade : A
